JOINT STATUS REPORT

The parties jointly advise this Court that they are in the process of negotiating the final terms of their agreement, which contemplates the creation, and administration of, a loan rehabilitation program for the settlement class, along with other relief. The parties have expeditiously moved to discuss and reach resolution on the final outstanding issues that have arisen, but require additional time to clarify the language of the agreement, motion for preliminary approval and class notice prior to initiating the program. The loan rehabilitation program has complicated details, and the parties wish to be fully in agreement on the terms before presenting the structure to the Court for approval. The parties are working together extensively and do not ask for extension to cause unnecessary delay in the proceedings of this Court. The parties would jointly request that this Court strike the status date set for September 14, 2017, and re-set the status date for September 27, 2017 for presentment of the motion for preliminary approval.
